

## DAY 2

### HPB Studio – Tune Up Your Building Design

**Join us for a live design session with global experts from Transsolar Klima Engineering**

**Wolfgang Kessling**

Partner  
Transsolar KlimaEngineering,  
Germany

**Ayush Kamalia**

Climate Engineer  
Transsolar KlimaEngineering,  
Germany

Day 2 of the High Performance Buildings webinar series goes live today, 13 June, 4:00–5:30 PM.

## DAY 2

### HPB Studio – Tune Up Your Building Design

Anchored by Sandhya Patil and supported by Manoj Hegde, the session will feature Ayush Kamalia and Wolfgang Kessling from Transsolar Klima Engineering, who will share project insights and design challenges.

#### What's in focus today?

- Real-world HPB projects and their design evolution
- Interactive discussions on tuning building performance
- Practical approaches to integrating simulation and strategy
